Selectmen's Report

This year's cover picture, taken from Lookout Ledge, shows practically all of the land recently acquired by the Town for a recreation area, obviously a winter picture and one of the first since Lake Durand has been full. The property has been outlined in white for better definition. We are greatly indebted to Mrs. Miriam Underhill for this picture. When she heard what was wanted for a cover picture for the Town Reports she loaded her camera, took an assortment of lenses and film, strapped on her snowshoes and took off for Lookout Ledge.

Lake Durand, being this year's main effort in the development of the town recreation area, is the subject of most of the pictures in this year's report. On the inside back cover is a picture record of the historic event when the lake started to fill, the installation of the plug in the drain pipe, May 24, 1964. Dr. Horton was the man behind the camera.

The picture of Frederick P. Corrigan, which appears inside the front cover was taken by Dr. Horton on May 24, 1964, the same day Lake Durand began to fill. This town seems to have a history of long devoted, faithful service of its town officials. Truly, in most cases, failing health or death seem to be the terminating factor. Fred P. Corrigan, in every way, lived up to this tradition. Fred served as Road Agent from 1941 until his death in October 1964. Lake Durand was his last big earth-moving project to which he devoted a great deal of his time and energy. We will all remember Fred for a great many things. Although the lake already has a name it might be well to consider naming the earth structure which holds back the water "Corrigan Dam."

THIS YEAR'S WARRANT

Article #20 asks for an appropriation of \$600.00 to purchase additional land adjacent to the cemetery. There is no question that in years to come additional land will be needed for our cemetery. Due to the natural course of events this time may not be too far off. The land we are considering is to the north and bordering the present area. There are two ownerships involved, one of which has already been approached, and seems agreeable. Plans are far from complete, but it is felt that a total purchase of one acre should be sufficient for the present time.

The Zoning Committee has met several times this past year. Because of the number and variety of the problems involved the committee is not ready, at this time, to submit a report. On general principles and considering the coming new road most of the committee feel that zoning is needed.

CHANGES IN OWNERSHIP

A new summer home on Randolph Hill has been built by Dr. and Mrs. A. S. Campbell. It replaces their former home which was completely destroyed by fire last April.

Dr. W. Edgar Johnson to Dr. James Donnell
Mr. Van R. Woolsey to Alan P. Steenbergen
Mrs. B. T. Horne to Mr. Daniel Dyer
Miss Elizabeth Jones estate to John H. Boothman

A sincere welcome, on behalf of the Town, to these new home owners and residents.

Improvements and additions to homes were made this past year by a number of year-round and summer residents. Among these are: Dr. Ernest Cross, Mr. Daniel Dyer, Mr. Stephen Weston, Mr. Abel Martin, Mr. A. M. Pinkham, Mr. Hershner Cross, Mr. Ammi Cutter at Echo Bank, Mrs. Lucy Richardson at the Carlton Brook Inn.

The Ravine House Development

The happy story of the recreation area on the old Ravine House property continues to unfold.

The dam was finished in the spring of 1964. This will always be thought of as a monument to Fred Corrigan, who gave it personal attention every day during its building and aided financially in its construction as well. All were grateful that he could see it completed before he died, mourned by all, in the autumn of the same year.

On Sunday afternoon, May 24th, the community gathered at the lower end of the man-made hollow which was to contain the lake, and cheered when the Selectmen and other men of the town rolled the great stopper into place and fixed it over the head of the outflow conduit. That may be said to be the moment when Lake Durand, as it was later named, began to be, for now the water coming in from Snyder Brook began slowly to cover the bottom.

By midsummer the lake had risen to a sufficiently respectable size to warrant a formal dedication, and on the afternoon of Sunday August 2nd Randolph gathered in the still unfilled hollow at the west end and let the world know that a New Era, roughly comparable to that which followed the Great Ice Age, when Lake Superior was opened up, had begun. Elizabeth Hilles arranged the program; Almon Farrar introduced it; Ammi Cutter made the address; Bob Edwards wrote and conducted the responsive dedication, in poetry; Jim Alexander led the singing; Barbara Wilson wrote the dedicatory song; Marjory Cross smashed the champagne bottle; Gordon Lowe poured in the fish; Jack Boothman planted the tree; Burton Dempster launched the canoe; Johnny Clarke and Gerald Reed fired the cannon; Douglas Horton presided when necessary over the gentle melee; and a good time was had by all.

The available money ran out before all the water ran in, but a few friends, asked by the Foundation to make an extra contribution, generously did so, and the lake presently continued to fill with pure water without a trace of red ink in it.

All through the fall the filling continued, but the season was such a dry one that it was a slow process. Finally, at the end of the year, it was decided to lay down another intake channel from Snyder Brook, and in a matter of days the lake was full, with water pouring over the outlet. It has already proved attractive to red-winged blackbirds and other birds that love the water's edge, and once it is stocked with fish, it will begin to be the wildlife center for which it is intended.

It is purposed to maintain adequate supervision at all times.

When Route U.S. #2 is relocated to the south of the area work will be begun on the land around the lake in the hope of making it a

center of beauty for recreation worth coming a long distance to enjoy.

An now that the new location of the road has been fixed, applications for plots of the Ravine House land to the north of the present highway are being received by the Randolph Foundation, in whose hands the ownership of that land now rests. This will be sold to individuals in lots of not less than two acres, and is restricted in such a way as to keep that part of Randolph, so far as possible, a place for residence and outdoor life such as it has been from the beginning.

Report of Librarian

Although not organized as "Friends of the Library," a national society sponsored by the American Library Association, the women of Randolph are true friends of the Randolph Public Library, giving freely of their interest, time and money. Without such support the library could not function as successfully as it has.

This year the Home Economics Extension Group of Randolph donated 34 new books, many of them best sellers, and showed their continuing interest by suggesting titles for purchase.

Gifts were also received from The Appalachian Mountain Club, Mrs. Angus Cameron, Mrs. John Clarke, Mrs. Stephen Crary, Dr. and Mrs. Vaughan Dabney, Miss Effie Douglas, Dr. Douglas Horton, Mr. and Mrs. Allen Huntington, Dr. Ruth Ingraham, The Randolph Church, The Randolph Foundation, Mr. John Q. Stewart, Dr. Richard G. Wood and the estate of Miss Cornelia LeRoy.

Among the gifts of local interest were two by the late Dr. Arthur Stanley Pease: the second revised edition of his "Flora of Northern New Hampshire" and "Randolph Church, a history," written in commemoration of its 80th anniversary. The A.M.C. publication, "Mountain Flowers of New England," contains superb colored photographs taken by Mrs. Miriam Underhill.

More people came to the library this summer than in previous years, 238 as compared to 175 last year. The library was officially open 50 hours for a total circulation of 489 volumes, the summer reading showing an increase of 101 over last year. Ten families borrowed 93 books for winter reading.

Mr. Rayner M. Reed
Town Clerk
Randolph, N. H.

To the Citizens of Randolph:

During 1964, 34 visits were made in the community, and these visits are classified as follows:

Administration and		Health Supervision	23
Promotion	3	Postpartum	2
Cardiovascular	1	Tuberculosis	1
Crippled Children's			
Service	4		

One child has attended the Orthopedic Clinics in Berlin frequently, and has also been a patient at Crotched Mountain Rehabilitation Center.

To improve our community health programs, we must realize, that the enjoyment of the highest standard of health is one of the fundamental rights of every human being, without distinction of race, religion, political belief, economic or social condition. The health of all peoples is fundamental to the attainment of peace and security, and is dependent upon the fullest cooperation of individuals and communities. The health development of a child is of basic importance; the ability to live harmoniously in a total changing environment is essential to such development. Informed, active cooperation on the part of the public is of the utmost importance in the improvement of the health of their people. Help your neighbors to accept good health policies and hopefully bring about a better understanding and improved use of existing health services.

It is with pleasure that I extend my appreciation to the Citizens of Randolph for their cooperation during the past year.

Warrant

In 1963 the legislature made many significant changes in the Cooperative School law. As a result of these changes I feel that another study should be made of this area. Requested funds to finance the study total \$1,200.00. Gorham's share is \$1,000.00 and Randolph and Shelburne, \$100.00 each.

The sum of \$1,000.00 is requested to increase our Bus Capital Reserve Fund. Passage of this article will put the District in a sound financial position for our next bus purchase.

Program of the White Mountains Region Association 1964

The White Mountains Region Association this year has published and distributed 136,000 promotional folders and cooperated with the five other Region Associations in publishing 400,000 copies of the New Hampshire Accommodations Booklet.

We received a total of 7,500 individual inquiries about the Region which were answered with a package of folders and with personal letters. Because we are closely associated with the State of New Hampshire promotional effort, we receive in our office inquiries which are generated by the State. The Region Association's address is listed on one and one-half million individual pieces of literature published by the State.

In addition to maintaining an active and effective mailing office, the Association has encouraged and promoted many important developmental projects for the region. Such projects include Northern Ventures, a venture capital corporation to assist people who have ideas for industry; Temple Monorail System at Twin Mountain; the Kilkenny project in Lancaster; Mt. Agassiz Development in Bethlehem and Big Bear Ski area at Bartlett.

Through our Industrial Council we have changed the emphasis of industrial development of the State of New Hampshire so that it includes the northern three countries and also encourages a "do it yourself" attitude with industrial development groups.

Last year we assisted in promoting an appropriation of \$65,000 for the construction of the Whitefield Regional Airport and went on record opposing the Livermore Falls Dam in the Pemigewasset Valley.

Presently we are planning to establish an active Historical Sites Committee which will encourage the development of major historical sites in the region, an asset which we have which has not been developed to its full potential.

The work of the Association is continually hampered by a lack of adequate funds. In order to do the work necessary to raise our economy, the full support of all towns in the region is needed.

Respectfully submitted,

JOHN P. WILSON

Executive Secretary
Lancaster, New Hampshire
